

TRAFFIC DELINEATION & ROAD MARKINGS

We carry many Carsonite Brand Traffic Delineation products. The Roadmarker CRM-375, the Curv-Flex Post and the Super Duck are just a few. Please contact your salesperson for more information.

THE CARSONITE SUPER DUCK

Curv-Flex Posts

SPECIFICATIONS FOR CFRM-400 The Curv-Flex Delineator Post has a unique concave/convex design to provide static rigidity for driveability and dynamic flexibility to withstand repeated vehicular and direct fire impacts while maintaining self-erecting characteristics provided under U.S. Patent No. 4,092,081.

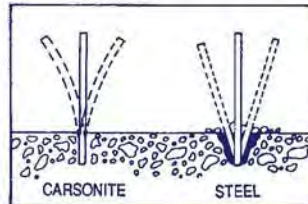

DIMENSIONS

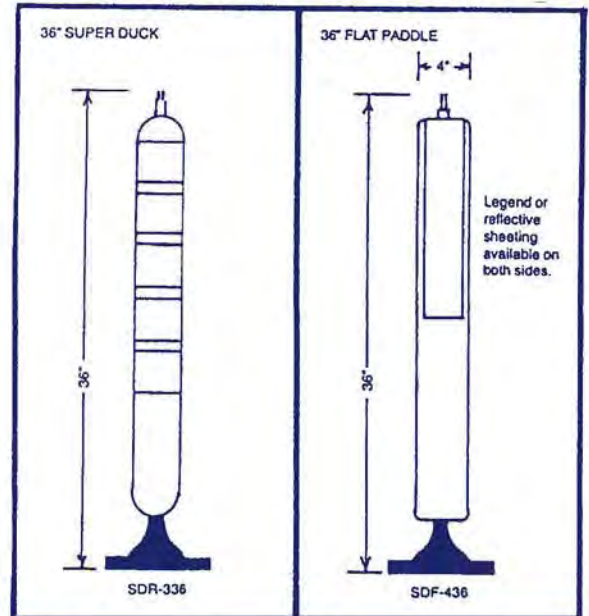

WIDTH: 4 inches (10.18 cm.)
 LENGTH: 62, 66, 72, 78 inches
 WEIGHT: 1-1/2 pounds (60 inches)
 COLORS: White, Yellow

CURV-FLEX DELINEATORS are available with preapplied reflective sheeting on BOTH front and back surfaces, thereby **eliminating** costly nut and bolt assemblies with target plates typically used on common steel posts. Unique concave design offers assured **protection** of reflective sheeting upon vehicular impact.

STEEL POSTS are rigid and easily loosened or removed.

THE CURV-FLEX POST is resilient and will flex above ground level, thereby resisting removal by vandals or vehicle impacts.

ROADMARKER CRM-375

SPECIFICATIONS FOR CRM-375 The Carsonite Roadmarker has a combination "T" section and "U" channel cross section to provide static rigidity for driveability and dynamic flexibility to withstand repeated vehicular impacts and maintain self-erecting characteristics provided under U.S. Patent No. 4,092,081.

DIMENSIONS

WIDTH: 3-3/4 inches (9.525 cm.)
 LENGTH: 62, 66, 72, 78 inches
 WEIGHT: Approximately 2-1/3 lbs. (62")
 COLOR: White, Yellow, Brown

CARSONITE ROADMARKERS are available with preapplied reflective sheeting, thereby **eliminating** costly nut and bolt assemblies with target plates commonly used on conventional steel posts. Unique recessed surface design offers assured **protection** of reflective sheeting upon vehicular impact.

Traffic Paint is available in 5 gallon containers. We stock yellow, white, and black. Glass beads are available in 50lb bags.

Pavement stencils are available in poly vinyl. The stencils shown to the left are just a few of the various sizes and styles available. Oilboard and brass stencils are also available.

Shannon-Baum is also a distributor of 3M stamark temporary & permanent pavement tape. Please ask your salesperson for more information.
